

SALES NETWORK

ELECTROPLATING

Consultancy and Technical Service Worldwide

We develop, produce and sell processes for electroplating. Focus lies in a comprehensive product portfolio of precious metal and non precious metal alloy electrolytes for technical, functional and decorative applications. The portfolio is amplified by precious metal compounds and electrocatalytical anodes and cathodes.

Our product range for the deposition of gold, silver, platinum, palladium, rhodium, ruthenium and precious metal alloys is brought to the market with the trade names AURUNA®, ARGUNA®, PLATUNA®, PALLUNA®, RHODUNA® and RUTHUNA®.

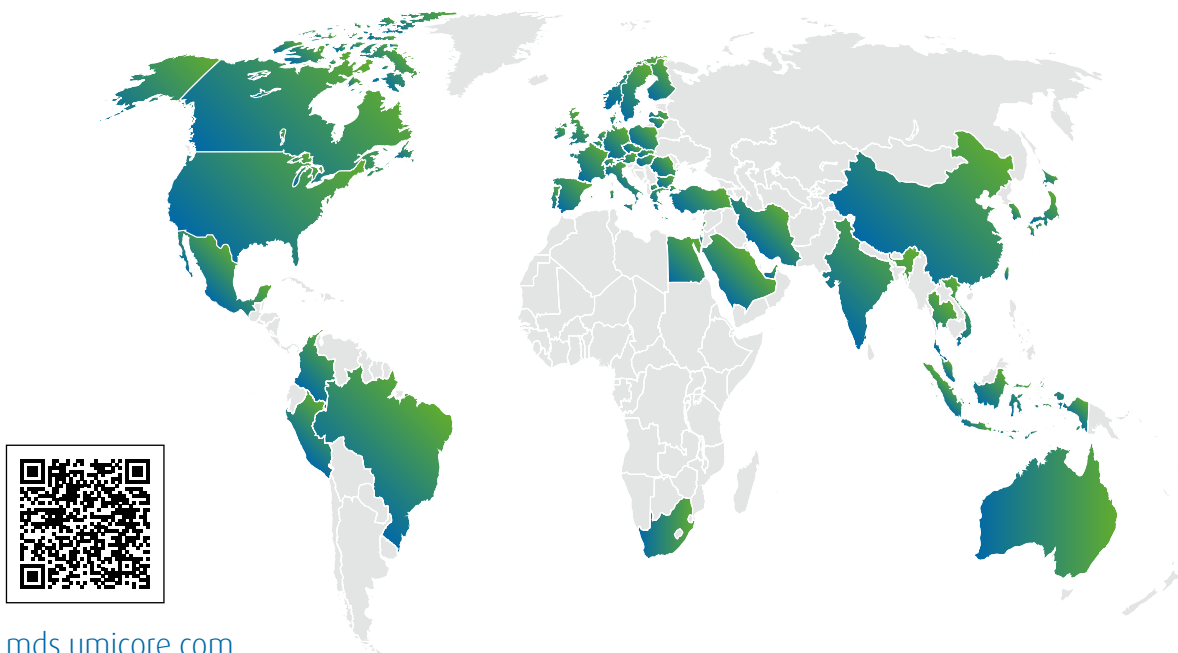

Within Umicore Group, Umicore Galvanotechnik GmbH in Schwaebisch Gmuend controls and manages the worldwide activities of the Business Line Electroplating. This incorporates a total of approximately 300 employees in production and service platforms not only

in Europe, but especially also in South East Asia, China, Japan and South America.

With our worldwide sales network we provide consultancy and technical support (distributors or specialized agencies) in over 60 countries.

Advantages

- Worldwide sales and service network
- 'Known Consignor' - saves you time and money
- AEO-F certificated trustworthy and reliable supplier in international trade
- Guaranteed security of the entire international supply chain
- RJC Certification - social responsibility and environment
